The inner courtyard with its convertible roof is a true jewel of Bavarian hospitality and joie de vivre.

As soon as you enter this inviting place, you are enveloped by a unique atmosphere that embodies the perfect blend of tradition and modernity.

The courtyard's convertible roof allows guests to experience the best of both worlds - on sunny days, it opens up to let in the warm rays of the sun while providing a breathtaking view of Munich Cathedral and the sky above Munich. On cooler days, on the other hand, the roof closes comfortably without compromising the feeling of space and openness.

Our culinary diversity is also reflected in the inner courtyard. Here, guests are treated to friendly service and first-class Bavarian specialties. Whether traditional veal sausage with sweet mustard or culinary creations with a modern twist - the inner courtyard with its convertible roof is the ideal place to enjoy culinary delights in a relaxed atmosphere.

In the evening, the inner courtyard is transformed into an atmospheric place with soft lighting that emphasizes the romantic side of Munich. Under the twinkling starry sky or the subdued glow of the city lights, the Donisl becomes a place where memories are made.

OUR PHILOSOPHY

Reichert Wirtshaus GmbH & Co. KG

Weinstraße 1 - D-80333 Munich - Phone: +49 89-242 939-0 - Fax: +49 89-242 939-100 - E-mail: info@donisl.com - www.donisl.com

The Donisl doesn't just serve food, it tells a story – of tradition, quality and regional ties. The Donisl's cuisine is characterized by its deep roots in Bavarian cuisine, and this is reflected not least in the choice of ingredients. The ingredients and products we use come almost exclusively from the Bavarian Oberland and the surrounding area.

The **succulent roast pork from bavarian pigs** comes from **local farms in the Altötting and Traunstein districts**, which have been practicing their craft for generations. Our roast pork is gently cooked for hours and roasted fresh from the oven several times a day.

With every bite, our fish **from the Walchensee fisherman** tells a story of home and tradition and of the connection with nature and the people who care for it.

The attention to detail and passion for quality can be felt in every dish. Our **onion roast and steaks from Werdenfelser Land**, combined with the flavors and textures of regional ingredients, create an unforgettable culinary delight.

The **potatoes** in our potato salad grow in the **fertile soils of Dachau**, lovingly tended and cared for by farmers who respect their land and its produce.

The Donisl restaurant in Munich is not just a place to eat, but a place to live. It is a place that captures the essence of Bavaria and brings it to the table so that every guest can experience a piece of this rich culture.
