

# Donisl

At Donisl, it's not just about serving food; it's about telling a story – one of tradition, quality, and regional connection. Donisl's cuisine is characterized by its deep roots in Bavarian cooking – and this is reflected in the selection of ingredients. The ingredients and products we use come almost exclusively from the Bavarian Oberland and the surrounding area.

Our succulent roast pork comes from Bavarian pigs raised on regional farms where traditional methods have been practiced for generations. Our roast pork is gently cooked for hours, oven-fresh several times a day. The attention to detail and passion for quality are evident in every dish. Our onion roast beef and steaks from the Werdenfelser Land region, combined with the aromas and textures of regional ingredients, create an unforgettable culinary experience.

**"Snack time, snack time, snack time is the most beautiful time..."**

Our snack cheese comes from the Hubert Stadler cheese dairy in the Hermannsdorf country workshops.

At the Donisl restaurant in Munich, it's not just about eating, it's about living. It's a place that captures the essence of Bavaria and brings it to the table, so that every guest can experience a piece of this rich culture.
