FOOD & DRINKS
What we stand for: Traditional Bavarian gastronomy in the course of time. The restaurant Donisl is more than 300 years old but still not old! During recent renovation works the old and dusty restaurant has been transformed into a bright, friendly and contemporary place for young & old.
Our architecture reflects both traditional and modern elements not to forget the coziness – what should not be missed in a real Bavarian restaurant.

We present our Donisl in the here and now, without losing the tradition. For us tradition is more than descend customs: Each generation influences those, evolves them or new ones are formed. This is our definition of tradition at the Donisl. At our place we live those and you can experience them.

This general thoughts are also represented in our menu – modern meets tradition. At the Donisl you can enjoy either traditional Bavarian classics or our modern interpretations. Under the header “young, modern & seasonal” our kitchen crew developed with a lot of creativity and passion dishes with the intention to think out of the box.

Culinary enjoyment and the best what you can get to eat in a Bavarian restaurant. Experience at it’s best. Have a try and „Bon appetit!”!

SIDE DISHES

STEWED SPECIALTIES

Taste tradition exclusively here! At Donisl we are re-creating the Munich culinary tradition of boiled meat, known as the Münchner Siedeküche. Serveral cuts of beef slowly and gently simmer for hours in it’s own juice, until it’s tender and,
quite literally, melts in your mouth. Our meat dishes are served with creamy spinach, apple horseradish³, fresh chive
sauce and BI® buttered potatoes with parsley.

Do you want to share your stewed meat dish?
We charge 7,90 for a double portion of spinach, BI® buttered potatoes with parsley and beef broth.
